

PC2K

STCR5019 STAPLING HAMMER 12MM MAX

•

Crown: 11mm

Staple Length: 6 - 12mm

Tool Details

- Constructed with a die cast long reach handle for tough but comfortable use, the PC2K features a unique anti jam design that reduces down-time, increasing productivity.
- The 2 stick magazine capacity means less reloading and the carefully designed weight-balance allows effortless use.
- The STCR Power Crown staple features built in technology to ensure consistent, secure stapling. The angled crown eliminates space in the driver channel, minimising staple buckling as found in conventional staples, and are available with both galvanised and stainless steel finishes.
